

Section IX(H) "Temporary Moratorium on Marijuana Retail Sale"

Section 1. PURPOSE

By vote at the State election on November 8, 2016, the voters of the Commonwealth approved a law that would legalize recreational marijuana. The law requires a newly appointed Cannabis Control Commission, made up of three members appointed by the Massachusetts treasurer that would be responsible for regulating and supervising marijuana businesses. The law provides that it is effective on January 2016 when the CCC releases recreational marijuana regulations. If the commission fails to develop regulations by Jan. 1, 2018, the ballot question allows existing medical marijuana treatment centers to begin selling recreational marijuana to adults without any

additional regulations. The Commission is charged with developing procedures for issuing and renewing licenses. It would develop requirements for the security of marijuana businesses, for preventing marijuana sales to minors, for record keeping, health and safety standards, packaging and labeling requirements, testing requirements, marketing restrictions and enforcement mechanisms. The Commission will have authority to limit the total amount of marijuana grown in Massachusetts. Cities and towns can adopt ordinances that impose "reasonable safeguards" on the operation of marijuana shops, including limiting the number or type of marijuana establishments.

The regulation of recreational marijuana and associated sales raises novel and complex legal, planning, and public safety issues and the Town needs time to study and consider the regulation of recreational marijuana sales and address such novel and complex issues, as well as to address the potential impact of the State regulations on local zoning and to undertake a planning process to consider amending the Zoning Bylaw regarding regulation of Marijuana Retail Sale (which includes dispensing, processing, and cultivation activities, and other related activities to the sale, storage and distribution of marijuana.

The Town intends to adopt a temporary moratorium on the use of land and structures in the Town for Marijuana Retail Sale (which includes dispensing, processing, and cultivation activities, and other related activities to the sale, storage and distribution of marijuana so as to allow the Town sufficient time to engage in a planning process to address the effects of such structures and uses in the Town and to enact bylaws in a manner consistent with sound land use planning goals and objectives.
